CANNON NISSAN
IS PROUD TO BE THE
HOLE IN ONE PRIZE SPONSOR

Cannon Nissan is proud to be the Hole in One Prize Sponsor for the City of Osceola Fire Departments golf tournament.

Frontier's full-length, fully boxed ladder frame is built for solid performance - on- and off-road. It's made of materials that are both durable and stylish, like super-high-tensile-strength steel, and available chrome on the rear bumper and front grille. Rear privacy glass adds a touch of attitude, while keeping it cool inside, and a tailgate-mounted rear spoiler helps reduce drag. It all amounts to a rugged exterior that's ready for whatever you dish out.
